

WP5 – Management and Coordination

Project Overview

IREFREA - ES

Mariàngels Duch / Montse Juan

Co-funded by the European Union's Justice Programme – Drugs Policy Initiatives

Overview

- The EPOPS project.
- EPOPS as an assessment model.
- Qualitative assessment. Focus groups.
- Qualitative assessment. Case studies in Mallorca.

Strategic objective

- Train **parents as proactive agents**, for expanding prevention **at three levels**:
 - ❑ **Family level** – integrating knowledge on parenting styles to ameliorate family performance
 - ❑ **Community level** – engaging other parents, promoting in-school evidence-based programmes
 - ❑ **Social and political level** – introducing environmental changes oriented to alcohol and drug prevention

Key Outputs

- A **research-based programme** for empowerment of parents' organizations
- A **training programme** for the implementers
- An **evaluation model** for subsequent interventions
- The **consolidation of two working coalitions** for programme sustainability and extension

Key Outputs (cont.)

- A **dissemination strategy** (project objectives & outcomes) including development of information-exchange tools
- **SWOT analysis and recommendations for intervention practice** (site-specific organizational readiness feedback report)
- **Tools for programme adaptation and transferability**
- **Database on prevention programmes and resources**

Main Activities

- Revision and adaptation of the FERYA programme
- Establishment of two working coalitions
- Piloting of the programme implementation in two sites including training of the leaders of parents' organization and support to the actions carried out by parents
- Process and output evaluation
- Broad dissemination of findings to facilitate adoption of the strategy and tools at local/national/EU level

WPs overview

WP1 – Programme development & Dissemination – FAPA-Mallorca

■ Dissemination activities

- Establishment of a communication, dissemination and exploitation strategy
- Elaboration of dissemination materials
- Organization of the final conference

■ Programme development

- Report on organizational empowerment
- Report on achievements at environmental level
- Preparation of the research-based manual (IREFREA-ES + all partners)
- Preparation of the evaluation model (BIPS + all partners)

WPs overview

WP2 – Programme adaptation – IREFREA-ES

- **Establishment of the working coalition (each pilot site)**
- **Revision and adaptation of the programme**
 - Project methodology and background
 - Needs analysis (each pilot site)
- **Training of Trainers (TOT)**
 - Elaboration of training programme and protocols
 - Implementation of the training
- **Development of supporting tools**
 - Communication platform (on-line groups)
 - Dedicated webpage

WPs overview

WP3 – Programme implementation – IREFREA-PT

- **Training of the leaders of parents' organizations**
 - Workshops (2 per site)
 - SWOT analysis on implementation
 - Database on prevention resources

- **Actions undertaken by parents' organizations**
 - Identification and engagement of potential allies
 - Press conferences (2 per site)
 - Planning and implementation of actions

WPs overview

WP4 – Process and outcome evaluation – BIPS

- **Output evaluation on empowerment and readiness to change**
 - Cognitive dimension: prevention/mobilisation possibilities
 - Affective dimension: Self-efficacy and trust (social capital)
 - Behavioural dimension: organizational empowerment (intra, inter, extra organizational components) and critical factors
 - Readiness to change.

- **Process evaluation**
 - Process evaluation protocol and process evaluation plan
 - Documentation and monitoring of the established network and activities undertaken

WPs overview

WP5 – Management and coordination of the action – IREFREA-ES

- **General management and financial system**
- **Partners communication strategy & electronic exchange system**
- **Coordination of project meetings**
 - PM1 – Bremen – M1
 - PM2 – Coimbra – M12
 - PM3 – Palma – M22
